

Irukandji Shark & Ray Encounters is now double in size with now TWO amazing deep lagoons; double the space to meet the incredible animals, double the encounters, triple the snorkels and new animals.

The NEW INDOOR TROPICAL LAGOON features all of the warm tropical species and a heated lagoon with opening roof to let the sun-shine in and shut out wet weather.

Sea Shelter is the home of marine animal rescue, rehabilitation, release, regeneration and research in Port Stephens. Operating temporarily out of Irukandji's quarantine facility, it will soon become a purpose built sea turtle hospital. (turtles not currently viewable) More info at www.seashelter.org
